COMPLIMENT EACH OTHER LIKE COLORS

Type Storyboard V1

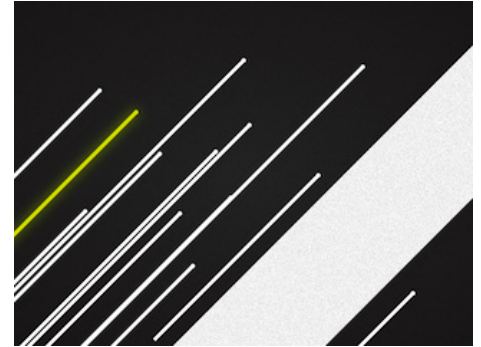

TIME: 3:06 - 3:14

Dots appear on screen in tandem with the beat of the music, lighting up individually.

TIME: 3:14 - 3:21

The dots begin to “bleed” in a diagonal line. Bars light up individually to the music.

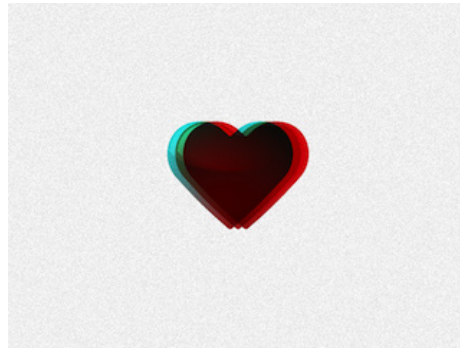

TIME: 3:21 - 3:22

One line widens and “opens up” very quickly as the beat drops out.

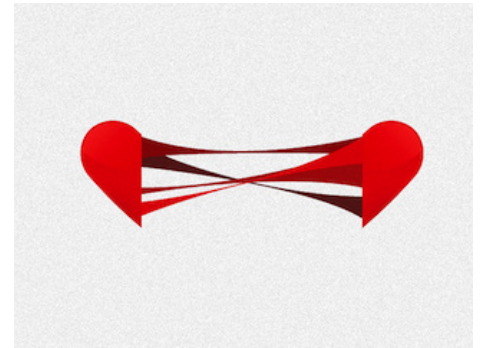

TIME: 3:22 - 3:26

Two halves of a heart appear through a paint dripping effect, queued to the snare hits.

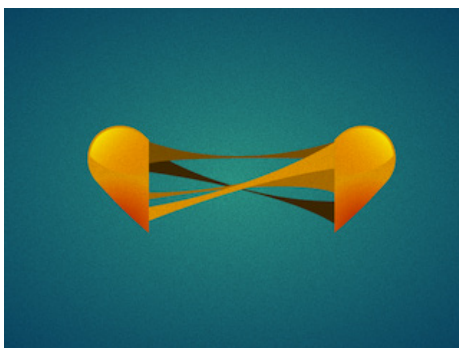

TIME: 3:26 - 3:28

As the word “compliment” is said, a brief flicker of the hearts together appears, as if by mistake.

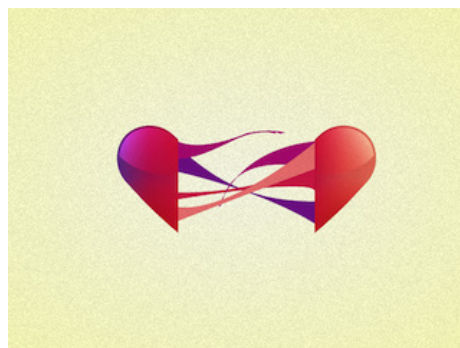

TIME: 3:28 - 3:32

Strings begin to form between the two hearts, and they gradually pull themselves together.

TIME: 3:32 - 3:40

As the two hearts grow closer, they change colors in tandem to snare drum hits.

TIME: 3:40 - 3:49

Strings of the hearts begin to snap and fall limp.

TIME: 3:49 - 3:53

Close up on last heart string, wavering it looks like it might snap. Cuts to black.
